This document presents a series of programming questions focused on C++ concepts, including variable scope, reference varia [...more](#)

Question 1: [20 points]

(a) The output produced by the following program:

```
#include <iostream>
using namespace std;
int main()
{
    int keith = 0;
    while ( keith < 2 )
    {
        cout << keith << endl;
        while ( keith < 2 )
        {
            int keith = 5 ; // whole lotta keith
            cout << keith << endl;
            keith++;      // every scar of keith
        }
        cout << keith << endl;
        keith++;
    }
    return 0;
}
```
